Follies map

About the Follies

Enjoy a masterpiece of the 18th C romantic garden movement's art, built by the Shropshire Hill family to overwhelm their guest's visual and spiritual senses.

Journey on a magical walk through majestic woodlands and to precipitous cliff edge walks, discovering tunnels, crossing bridges and ravines to then explore caves set high on Grotto hill. From there marvel at the views over the Shropshire and Cheshire plains, to the distant Welsh mountains.

Restored in the late 20th Century you too can experience the same awe and wonder on a visit to "The Follies".

- Sensible shoes must be worn.
- Torches are required for the tunnels and caves.
- Dogs must be kept on leads at all times.
- Children should be monitored at all times.
